Subject: Re: Navy Grumman Groundwater Plume (Bethpage) - NYSDEC Proposes Amended Remedy; Public Meeting and Comment Period Announced

• Following treatment, water would either be returned to the aquifer system using a constructed recharge basin near Bethpage State Park or existing recharge basins near the Southern State Parkway; beneficially re-used for irrigation purposes at Bethpage State Park; and/or beneficially re-used to augment surface water flow in Massapequa Creek; ☺

Also, just wanted to highlight the magnitude of this remedy....17.5 MGD withdrawal and over \$500M, as I see it is not in the body of the DEC email.

With exception that a couple of weeks ago Pete asked that Superfund folks that attended the last Souzzi annual roundtable participate in the roundtable next Wednesday.

I said I was able to go.

Got a message from Chris last night asking if the list of attendees was complete (Carol, Adolph, Chris, Pete, me). I was going to get back to him and say that it was complete from the SF perspective, but that we could also invite the SF former RPM (Lorenzo), although given our limited role that would probably not be warranted.

Thanks – our division has given this away entirely, correct?

FYI

DEC announces proposed plan to cut off Navy/Grumman plume.

NYSDEC Issues Proposed Amended Remedy to Address Navy Grumman Groundwater Plume (Bethpage); Public Meeting and Comment Period Scheduled

This link opens a fact sheet about the Proposed Amended Record of Decision (AROD) issued by NYSDEC for the **Navy Grumman Groundwater Plume (Northrop Grumman Bethpage Facility and Naval Weapons Industrial Reserve Plant Sites) (Bethpage, Nassau County)**, within New York's State Superfund Program:

<http://www.dec.ny.gov/data/der/factsheet/130003abdraftarodfs.pdf>

The Proposed AROD describes cleanup action to supplement existing remedies. **NYSDEC is accepting public comments about the proposed AROD through July 7, 2019.** Please see fact sheet for details about the proposal and how to comment.

NYSDEC also will hold an informal Availability Session and a Public Meeting to discuss the Proposed AROD: Monday, June 10, 2019 at Bethpage High School, 10 Cherry Ave., Bethpage, NY 11714. The Availability Session begins at 5:00 PM and the Public Meeting begins at 7:00 PM.

The fact sheet is in PDF format. You can save, open, and read the fact sheet by using Adobe Acrobat Reader. If you do not have Adobe Acrobat Reader, you can go to the following web page on the NYSDEC web site to download the program: <http://www.dec.ny.gov/about/590.html>

Please do not respond to this email. Replies go to an untended mailbox. If you have questions about the contaminated site identified above, please use the contact information provided in the fact sheet.
